CONSTABLE'S RETURN.

Arlington, November 6, 1917.

MIDDLESEX COUNTY.

Pursuant to the foregoing Warrant and in accordance with the orders therein contained, I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to assemble at the time and place, and for the purposes therein named, by causing a printed attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy at the doors of the Town Hall, in said Arlington, seven days at least before said day of meeting. Notice of the time, place and object of said meeting was published in the two local papers.

WILLIAM T. CANNIFF, *Constable of Arlington.*

In pursuance of the foregoing Warrant, the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall in said Arlington on Tuesday the sixth day of November in the year of our Lord nineteen hundred and seventeen, it being the first Tuesday after the first Monday in said month, and were called to order at six o'clock in the forenoon by Horatio A. Phinney, Chairman of the Board of Selectmen. The Town Clerk read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants. Mr. Phinney continued to act as Chairman of the meeting in accordance with law.

The laws governing elections prevailed and the Town Hall was fitted up as a polling place, both sides of the hall being equipped with booths, and a space railed off for the use of voters. The booths were equipped with all the conveniences for the examination and marking of ballots.

Cards of instructions to and penalties on voters were displayed in conspicuous places both in the booths and at the approaches thereto.

The following election officers, having been appointed by the Selectmen, were sworn to the faithful performance of their duties and were placed as follows:

Ballot Clerks — Herbert L. Converse, Charles G. Barry, Oscar J. Schnetzer and George Howland.

Checkers at Ballot Boxes — Frank Wellington, George C. Tewksbury, Frank C. Kenney and Arthur J. Hendrick.

Tellers and Inspectors — William D. Grannan, Joseph W. Moore, James G. Moir, David T. Dale, George A. Clark, George H. Peirce, George M. Richardson, William P. Slattery, John H. Savage, James E. Doughty, Herbert E. K. Ekmark and Richard Healey.

Sealed packages of ballots, totaling 3,500, were received from the Secretary of the Commonwealth and these packages were opened in public and the ballots delivered to the ballot clerks for distribution to the voters.

The ballot boxes were examined by the presiding officer and the Town Clerk and were found to be empty and the register set at zero.

Lists of registered voters were supplied by the Registrars of Voters.

At four minutes after six o'clock in the morning the polls were declared open for the reception of votes and were kept open until thirty minutes after four o'clock in the afternoon, at which time after due notice they were declared closed.

During the day, from the opening of the polls until they were closed, the keys of the ballot boxes were in the custody of Constable John Duffy.

By unanimous consent, the ballot boxes were opened at various times during the day for the purpose of removing the ballots to be counted.

At seven o'clock the boxes registered the number of votes cast, as follows:

At seven o'clock	A to L	261	
	M to Z	223	Total 484

At nine o'clock	A to L	655	
	M to Z	530	Total 1185

	M to Z	809	Total 1807
At four-thirty o'clock	A to L	1187	
	M to Z	957	Total 2144

This was the total number of votes cast.

## REPORT OF THE BOARD OF SELECTMEN.

---

The Board of Selectmen herewith submit a report of the doings of the various departments of the Town coming under the jurisdiction of the Board for the year 1917, together with such recommendations as, in the opinion of the Board will best serve the interests of the Town.

### ORGANIZATION OF THE BOARD FOR 1917.

At the annual March meeting of 1917, Mr. Thomas J. Donnelly was re-elected for the term of three years.

The Board met on the evening of March 5, 1917, in the Selectmen's Room in Town Hall, where Mr. Donnelly was sworn to the faithful performance of his duties by the Town Clerk.

The Board then organized with Horatio A. Phinney as Chairman and Thomas J. Robinson as Clerk.

The general duties of the Board are no doubt well known to the citizens, having been published in the last two reports, and include all duties coming under the executive board of the Town and not specifically provided for by Statute.

During the past year many new and unforeseen duties fell to the Board, due to the conditions of war existing between the United States and Germany, and they were called upon to decide many questions involving the protection of town property. These matters will be dealt with under the various headings of this report.

### STANDING COMMITTEES

Horatio A. Phinney, Police, Public Lands and Outside Poor.

Thomas J. Donnelly, Fire Department, State Aid, Military Aid and Soldiers Relief.

Willis P. Howard, Town Houses and Public Buildings, Insurance and Incidental Account.

## AS OVERSEERS OF THE POOR

TAXABLE PROPERTY, STATE AND COUNTY TAXES  
AND TAX RATES

The real and personal taxable property in the Town, as assessed and reported by the Assessors for the year 1917 was as follows:

<i>Personal Property</i>		<i>Real Estate</i>	
<i>1916</i>	<i>1917</i>	<i>1916</i>	<i>1917</i>
\$3,008,992.00	\$1,668,117.00	\$16,306,167.00	\$17,613,295.00

The above figures show a decrease in personal property of \$1,340,875 and an increase in real property of \$1,307,128 over 1916, making the total taxable property both real and personal \$19,281,412, a decrease of \$33,747 from that of 1916.

The decrease in the figures shown in the taxable personal property is due entirely to the operation of the State Income Tax law which takes from the Town the right to assess all intangible personal property. This character of property is now assessed by the State and after deducting the expenses of collection the State returns to the Town the amount collected minus the cost of collection. The foregoing figures show a decrease in personal property of \$1,340,875 (on account of the Income Tax) which amount at \$25.50 per 1,000 would show a corresponding decrease in revenue of \$34,192.34. This apparent decrease is, however, more than offset by a perusal of the amount received from the State from the Income Tax, viz: \$37,392.86 or an increase over the amount we would have received under the old law of about 9½%. (See heading Corporation and Bank Tax.)

From the figures shown in the accompanying table it will be seen that the State Tax for 1917 was \$40,700, an increase over 1916 of \$11,020. An increase will also be seen in the Metropolitan Sewer Tax, Metropolitan Park Tax and Metropolitan Water Tax, while small decreases are shown in the County Tax, the Charles River Basin Tax, Alewife Brook Tax, Fire Preven-

tion Tax and Soldiers Exemption Tax. These decreases do not, however, to any degree offset the large increases noted in the accompanying table for State and Metropolitan Taxes. This large increase, together with the decrease in the taxable property of the Town, coupled with only the natural increases of appropriations for the Town Departments, accounts for the tax rate of \$25.50 in 1917. It should be remembered also that the very large shrinkage in building operations during the latter part of the year 1917 which without doubt will continue during 1918 will have a very material effect upon the tax rate of the year 1918. In making their estimates for the year 1918 the Board has had this fact in mind, and have only recommended increases in appropriations where, in their judgment, they were absolutely necessary.

The taxes levied for State and County purposes for 1917 were as follows:

	1916	1917	Increase
State Tax	\$29,680.00	\$40,700.00	\$11,020.00
County	19,153.74	18,613.95	539.79*
Metropolitan Sewer Tax	14,903.84	16,274.29	1,370.45
Metropolitan Park Tax	9,135.40	9,409.48	274.09
Metropolitan Water Tax	18,118.96	20,544.00	2,425.04
Charles River Basin Tax	1,985.89	1,789.54	196.35*
Alewife Brook Tax	2,510.47	2,453.18	57.29*
Fire Prevention Tax	261.38	204.77	56.61*
Soldiers' Exemption Tax	77.10	25.72	51.38*
	<hr/>	<hr/>	<hr/>
	\$95,826.78	\$110,014.93	\$14,188.15

From the foregoing tables it will be seen that the amount paid for taxes for State, Metropolitan and County purposes is \$14,188.15 more in 1917 than was paid for the same purposes in 1916. As previously stated this very large increase over which the Board or the citizens had no control accounts in a large measure for the increased tax rate of 1917. In view of the existing conditions, the duration of which cannot be foreseen at this time, the Board does not feel that there is any possibility of a reduction in these taxes the coming year. They would,

\*Decrease.

therefore, again urge all departments of the Town to practise the strictest economy in the expenditure of the Town's money even after the appropriations are made and throughout the year.

CORPORATION AND BANK TAX RECEIVED BY THE TOWN			
	1916	1917	Increase
Corporation and Bank Tax	\$20,352.41	\$19,053.36	\$1,299.05*
Street Railway Tax	8,752.94	10.92	8,742.02*
Boston Elevated Ry. Tax	3,442.59		3,442.59*
Bay State St. Ry. Tax	387.26		387.26*
Middlesex St. Ry. Tax	126.94	130.91	3.97
Income Tax		37,914.96	37,914.96
	<hr/>	<hr/>	<hr/>
	\$33,062.14	\$57,110.15	\$23,048.01

From the above figures it will be seen that the Town received \$23,048.01 more from the above sources than in 1916, due almost wholly to the operation of the Income Tax, as the Town has received no taxes from the Boston Elevated or Bay State Street Railway. This is another item which will enter largely into the Tax Rate the coming year, as the receipts from the street railway tax have always been used toward the appropriation made for Highway purposes. The coming year, owing to the financial condition of the Boston Elevated and the Bay State Street Railway Companies the Town may not have this money available.

THE TAX RATE AND HOW MADE UP

For the information of the citizens interested in knowing what proportion of the tax rate goes to pay for certain appropriations, or the maintenance of departments, the following table is published. It will be noticed that while the amounts as voted under the various headings make a total of \$559,015.12, this total should be reduced by the amount of the estimated receipts, viz.—\$67,334.86, and this amount should be apportioned to each separate appropriation, in order that the actual proportion each appropriation bears to the tax rate may be shown. The figures, therefore, in the appended table show the actual amount raised by taxation after deducting the propor-

\*Decrease.

tion due to each appropriation from the estimated receipts. This gives the amount of \$491,680.00 raised by taxation on which the tax rate is based.

<i>Department</i>	<i>Amt. appro. by Town to be raised by taxation</i>	<i>Proportion of appropriation after deducting 12.04% of M receipts</i>	<i>Proportion of Tax Rate of 25.50 per M of valuation of property</i>

	<u>\$559,015.12</u>	<u>\$491,680.00</u>	<u>25.50000</u>

These others are made up of smaller appropriations, less the estimated receipts, and include Engineering \$3,080, Board of Survey \$440, Cemeteries \$2,200, Highway Construction \$880,

Incidentals for Town Clerk \$1,580, Incidentals for Assessors \$1,252, Incidentals for Auditor \$110, Incidentals for Collector \$1,034, Incidentals for Treasurer \$395, Memorial Day \$220, Park Commission \$880, School Repairs \$2640, Sewers \$2,640, Soldiers Relief \$350, State Aid \$220, Drainage \$2,640, Spy Pond Field \$660, Old Town Hall \$965, Tree Warden \$1,100, Water Extensions \$1,760, Planning Board \$260, Wire Department \$3,350, Free Bed \$450, Tax Title \$220, Land for School \$2,640, Water Tower \$88.

The total of the foregoing appropriations amounts to \$32,044, or a proportion for all of \$1.70 on each \$1,000, or of the \$25.50 tax rate.

#### OUTSIDE POOR DEPARTMENT

Owing to the conditions existing during the past year where the prices of the ordinary necessities of life have increased from 25 to 50%, the problem for caring for the poor, and keeping within the appropriation allowed, has been a difficult one. While the number of persons aided has not greatly increased, the increased cost of the commodities necessary for the maintenance of the families under the care of the Overseers has made it necessary during the past year to draw a little more heavily on the Income of the Poor Widows and Needy Persons Funds. The policy of the Board has been to so estimate the appropriation for an ensuing year as to draw only the actual income from these Funds to meet a deficit in the appropriation. The wisdom of this policy during past years can be seen in the expenditures from this Fund during the last year, when, owing to the conditions existing a larger amount than ever was required in order not to show an overdraft.

The policy of the Board is and has been to adequately aid all deserving persons within our midst and having a claim upon us either by settlement or residence. If the claim be by residence only the Town receives a reimbursement from the City or Town in which the person has a settlement.

The numerous mothers receiving aid under the Mothers, Dependent Children Act (Chap. 763 Acts of 1913) have, during the past year proven themselves worthy of the aid received. These mothers are required, from the weekly amounts allowed,

to provide everything, food, fuel, clothing and rent,—and to keep out of debt. This, so far as the Overseers know, they have done.

During the bitter cold weather of December, a visit by the Overseers failed to find one of these families without coal. In all other cases of dependents coal was furnished when asked for, and promptly delivered, so we are pleased to state that during the past severe winter there has been no suffering in Arlington for the want of fuel.

In estimating the expenses of this Department for the ensuing year the Board cannot see a possibility of decrease, but, on the contrary, if the present conditions continue, an increase in the appropriation of last year. In order that the Board may meet these new conditions and at the same time preserve the income of the Funds at their disposal (over the annual income) they would recommend an appropriation for the poor of the Town for 1918 of \$10,000.

The total disbursements in 1917 for the Poor were \$12,517.13, divided as follows:

Appropriation	\$9,000.00
Received from State and other sources	2,507.31
Received from Income of Funds	1,009.82
	<hr/>
	\$12,517.13

#### POLICE DEPARTMENT

The work of this department during the past year has been kept up to the standard of previous years. During the year this Department, perhaps more than other departments of the Town, has been called upon to perform many extra duties imposed by the war conditions. These duties have been in relation to the taking of the census, the registration of young men of military age, work for the Exemption Board, work of the various sub-committees of the Public Safety Committee and work for the United States Marshal. All this extra work has been done satisfactorily. In accordance with the recommendations of the Board a year ago, three (3) new officers were appointed to the regular force July 1, 1917. These men were the highest on the Civil Service list from which the Board must

select. The men appointed were Daniel P. Barry, Arthur Connor and Eric Anderson.

Two members of the regular force and two officers appointed to the Special Force have enlisted in the service of the Federal Government and each now enjoys the distinction of being a Sergeant. These men are Fred M. Kirlin, and Daniel P. Barry of the regulars and Archie Bullock and Edward Irwin of the Specials.

A petition received from the members of the Department requesting an increase in salary, was received by the Board. After a very careful consideration of all the items that go to make up the expense account of the officers, viz: Uniforms, coats, helmets, gloves, rubber coats, etc., the Board would recommend an increase of \$100 per year for each officer. This will include all seventeen regular men on the force. The Board is of the opinion that this increase should take effect as of January 1, 1918. The appropriation necessary to do this, in addition to the regular payroll, and the other necessary expenses of the department will require an appropriation for 1918 of \$25,111.00. The Board would, therefore, recommend the appropriation of that amount for the Police Department for 1918. This amount will also take care of the difference in Salary (if the Town so votes) received by the men in Service and that which they would have received as Police Officers of the Town.

#### FIRE DEPARTMENT

The work of this department during the past year, as in previous years, has been of a most commendable character. While no serious fires have occurred, the department has on many occasions, by promptness and efficiency, prevented small fires from becoming serious. The report of the Chief of the Department gives in detail the work done.

The call-men of the Department have asked for an increase in pay from \$125 per year as now received to \$200. The Engineers recommend and the Board approves the recommendation of an increase of \$50 making the actual compensation of call-men \$175 per year. This the Board feels will be only fair to the men engaged in this infrequent but hazardous work.

The Board would also recommend to the Town the adoption

of a bill or law that will enable the call-men of the department to receive the same consideration for accidents occurring while in the actual performance of duty as is now enjoyed by the permanent men of the department.

The increase in the appropriation asked for (\$2,000) is accounted for by the increase in salaries of the call-men and the purchase of a new and necessary hose.

In the report of the Chief of the Department it will be noted that the second-hand, Knox motor, purchased during the year, has been equipped as a combination chemical and hose truck at a cost of about \$1,000. This is indeed a great saving to the Town and the Board desires to express its appreciation and commendation to the men of the Highland Station, by whom this work was done. Such interest and devotion to the welfare of the department cannot be too highly approved and encouraged.

#### RESERVE FIRE DEPARTMENT

The Board is pleased to report the ready response of the ex-call members of the Regular Department to form an Auxiliary or Reserve Force. Thirty-three of these men voluntarily enrolled for active duty in case of emergency. They are ready to respond to any call when the Regular Force is called for other duty, or is called out of Town. The Board desires to record its appreciation of this action of these men at a time when their services may be called upon at any moment. (For expenditures see Auditor's Report.)

#### TOWN INSURANCE

The appropriation made to cover the insurance of the Town in 1917 was \$3,500. This amount was estimated to take care of the fire insurance policies expiring, the Employees' Liability Insurance and the Automobile Insurance. Owing, however, to the large increase in the payrolls of the Highway, Water and Sewer departments, the premiums on the Employees' Liability Insurance was larger than anticipated. An additional sum of \$200 was therefore, required, which was transferred from the Reserve Fund.

The total amount expended in 1917 for insurance of all kinds was as follows:

Automobile Insurance	\$ 127.15	
Fire Insurance	1,188.00	
Employees' Liability Insurance	2,198.17	
Premiums on Official Bonds	186.00	
	<hr/>	\$3,699.32
Unexpended balance		.68
		<hr/>
		\$3,700.00

From the above figures it will be seen that the Town is paying nearly about \$2,000 for Employees' Liability Insurance. This class of insurance, the Board has very carefully considered, and after a study of the accidents occurring in Arlington on which the insuring Company is called upon to adjust, the Board is of the opinion that the Town can best carry the Compensation Insurance by the appropriation of a sum not larger than the average yearly payments for premiums. In order that the citizens may intelligently act on this matter when presented to them, the following facts are presented, showing the amounts paid for this form of insurance for the past six years, the number of accidents and the amounts paid by the insuring Company:

<i>Year</i>	<i>Premium</i>	<i>No. of Accidents</i>	<i>Amount Paid</i>
1912	\$1,042.03	7	\$ 242.00
1913	619.46	6	19.50
1914	1,429.75	3	1.00
1915	1,623.12	6	455.14
1916	2,042.50	14	861.23
1917	2,173.78	2	210.71
	<hr/>	<hr/>	<hr/>
	\$8,930.64	38	\$1,789.58

By comparing the foregoing tables it will be seen that the yearly payments for this insurance have been (for the past six years) an average of \$1,488.44, while the yearly payments for accidents during the same period have been \$298.26 or an average on 38 accidents of about \$78.50 for each accident. From the above figures it would seem only to be good business judgment for the Town to carry this form of insurance. The Board recommends this action.

If the recommendation of the Board is adopted, a separate appropriation of \$2,000 should be made for this purpose.

The other forms of insurance will require an appropriation of \$4,000, classified as follows:

Policies expiring in 1918	\$2,918.00	
Boiler Insurance	700.00	
Bonds and Auto Insurance	382.00	
	<hr/>	\$4,000.00

The Town is now carrying insurance on \$967,000 worth of property. The form used is the so-called blanket form covering on one form all the insured property of the Town at a flat rate of \$12 per thousand. To this rate will be added the coming year the 10% war tax.

#### ROBBINS MEMORIAL TOWN HALL

As stated in the report of last year there were certain alterations and repairs necessary in our beautiful Town Hall Building. These alterations were made necessary, in a large measure, by the many and diversified uses of the building. Perhaps the most necessary of these changes was the installation of doors shutting off the corridors and all the offices from the main auditorium. This work has been done at a cost much less than the estimate as furnished the Board by the architect of the building. This change has almost paid for itself in the saving of fuel alone. It also prevents people coming into the Hall at any hour from wandering around without the knowledge of those in attendance.

Owing to a suit against the Town by reason of an accident occasioned by slipping on the icy surface of the terrace in front of the building, the Board had this matter remedied, which required the stones forming the terrace to be removed and relaid at a pitch that would throw the water toward the street. This work was done at an expense of \$371.

The revenue derived from the rentals of the building was reduced during the year on account of the war conditions. The Board anticipates no extraordinary repairs or alterations the coming year and will recommend only the normal appropriation for the maintenance and upkeep of the building and grounds, viz: \$5,000.

The manner in which the building and grounds have been

cared for is apparent to all our citizens. The Board is of the opinion that these conditions should continue.

#### OLD TOWN HALL BUILDING MENOTOMY HALL

Last year the Board recommended, and the Town voted an appropriation of \$1,100 for the maintenance of this building and the completion of the repairs started in 1916.

Owing to the war conditions (into which this country entered April 6, 1917,) the Board deemed it inadvisable to complete the repairs, so that the only expense incurred during the year has been for maintenance, viz: Lighting, heating and a few necessary repairs and alterations amounting in all to \$723.15.

Shortly after a condition of war was declared to exist between the United States and that of Germany, it was found necessary to provide quarters for the State Guard, the Red Cross Society and the Surgical Dressings Society.

All of these organizations have been cared for in this building. While the Town has been deprived of the usual income from the Hall for dances, entertainments, etc., the Board has been unofficially informed that the State will re-imburse the Town for the use of the building as a third-class armory at the rate of not over \$900 per year. If this arrangement is carried out it will be seen that the Town has been able to care for these very important and necessary organizations without great expense.

As the Board can see no material change in the existing conditions in the near future, they would recommend only the normal expense of maintaining the building during the ensuing year, viz: \$750.

The lease of the S. K. Ames Company having expired the Company desires a renewal and the Board will ask for authority to make a new lease for a period of years (3 or 5) for the sum of \$500 per year instead of \$400 as now paid.

#### PURCHASE OF COAL FOR TOWN DEPARTMENTS

As reported in previous reports of the Board, the custom has been to issue invitations or requests in the early part of the year to all large dealers of coal for bids to furnish all departments of the Town with coal for the ensuing year.

This custom was followed in 1917. In every case a reply was received stating that the Company, or firm, were not in a position to make contracts of any kind, and in most cases informing the Board that it was not the desire of the Company, or firm, to take on any new customers. Realizing the grave importance to the Town of these replies the Board asked a conference with Warren A. Peirce, of the Peirce & Winn Coal Company. In that conference Mr. Peirce very frankly stated that he could not make any contract, but that he would agree to supply all the Town Departments with coal when needed, at the prevailing or established price. To this agreement the Board assented, and Mr. Peirce has faithfully and well, fulfilled his agreement. His firm has at all times and under all conditions supplied coal wherever needed. Not only does this apply to all public buildings, i. e., Schools, Library, Town Hall, Old Town Hall, Fire Houses, etc., but to the Outside Poor.

Too much credit cannot be given the Peirce & Winn Coal Company for the patriotic manner in which they have handled the coal situation in our Town. While other Towns and Cities were clamoring for coal for Schools, Hospitals, Libraries and the poor, Arlington was protected and provided for,—not by a contract, but by a statement made by one man, Warren A. Peirce—that he would, to the best of his ability, provide for the needs of the Town. The result of that statement and the confidence placed in it by the Board is that no City or Town in Massachusetts has been so well cared for as Arlington. This is a matter of record.

The Board desires to record its appreciation of this splendid service by the Peirce & Winn Coal Company.

#### SUMMER STREET ESTATE

In accordance with a vote of the Town, this property has been turned over to the Board of Public Works as a headquarters for the various departments coming under the direction of that Board. The Board of Public Works is to make such alterations and repairs as will put the property in a condition suited to the requirements of that Board and to make provision for such other departments as the Board of Selectmen may designate.

## TOWN REPORT

Following the usual custom of past years, the Board invited bids for printing the Town Report of 1917. No responses were received except from Murray and Emery, publishers of the report for the past eight years. By agreement this Company is to furnish 1800 copies of the report, the bound volumes, and deliver the same at the Town Hall at the same price per page as paid for the reports of 1916.

## JURORS

The Board has revised and added to the list of jurors for the ensuing year.

The Board is required to make the list during January of each year. The list has been selected with care and with due regard for the qualifications of the men named therein. It is not the desire of the Board in the making of the jury list to work a hardship on any of our citizens.

They would, therefore, again urge those desiring not to serve for jury duty to so notify the Board during the month of January, each year.

(See list of Jurors under that heading.)

## MILITARY AID, STATE AID AND SOLDIERS' RELIEF

## STATE AID

This aid was, previous to 1917, rendered only to veterans of the Civil and Spanish Wars. In April of 1917 war was declared between the United States and Germany and many of our young men enlisted in the various branches of the United States service. During the session of the Legislature of 1917 a bill was passed authorizing the Commissioner of State Aid to pay to the dependents of these men, from the Treasury of the State, a sum sufficient, in addition to the amount the soldier could send home, to adequately support the dependents. The draft, which followed, took many of our young men, some with widowed mothers, others with a wife and children and still others with young and dependent brothers and sisters or old and invalid parents. The duty of determining the amount to be allowed these dependents, was placed on the executive Boards in Cities and Towns and they were called upon to

examine each case on its own merits and determine the sum to be recommended to the Commissioner. This duty the Board has endeavored to do with justice and fairness to all concerned, the State, the Town, the Soldiers and their dependents. This has not been, and will not be, an easy task, as already the monthly payroll occasioned by the war, has reached the sum of \$875 per month. This amount must be financed by the Town from month to month, as the State will only reimburse in November of each year. The reimbursement by the State is only made on the approval of the Commissioner of State Aid. It will, therefore, be noted the care with which these cases must be investigated. The Board is pleased to state that the Commissioner has, in almost every case, allowed the recommendations of the Board. As may readily be seen, these conditions have occasioned a large amount of extra labor and time, but thus far the work has been done at no additional expenses to the Town.

The payroll of the veterans of the Civil and Spanish Wars has not increased during the year.

#### MILITARY AID AND SOLDIERS' RELIEF

There is only a technical difference between these two designations.

Military Aid means that when all other sources of income are inadequate to the proper support of the soldier, then Military Aid is given. This aid is divided, the State paying one-half and the Town the other half. At the expiration of the extreme need, the case goes back to the State Aid list from which it was transferred to the Military Aid list. A person cannot draw both at the same time.

#### GYPSY MOTH WORK

The Board is pleased to report that at no time, since the advent of the Gypsy Moth, have the trees of the Town been in better condition and freer from this pest. One of the greatest adjuncts of a Town is the shade trees on the walks and along the highways. These existing trees should be protected and new trees set out when necessary.

It should be the duty of every citizen to heartily co-operate

with the Superintendent of Moth Work and the Tree Warden, Mr. Daley, in an endeavor to protect our trees. Discourage the wanton destruction of the trees by boys and others, report to the Superintendent any damage done by horses tied to trees or allowed to wander. Many of these cases have been cared for by the parties paying for a new tree rather than face the judgment of a Court. The Superintendent is doing his part, *all* should co-operate.

#### LICENSES

*Garage and Gasolene Licenses.* During the past year the regulations made by the Fire Prevention Commissioner, regulating these licenses have been in force. Under these regulations citizens desiring a license to maintain a garage to accomodate one or two cars need only to apply to the Building Inspector and the Chief of the Fire Department. For a license to keep and store gasolene to an amount not exceeding 120 gallons, application need only be made to the Chief of the Fire Department. Where licenses are applied for to keep more than two automobiles, or to keep and store gasolene to an amount exceeding 120 gallons, the law requires that the Board shall give a hearing, after fourteen days' notice, to all interested abutters.

*Common Victuallers.* With the growth of the Town, the number of these licenses issued must naturally increase. The Board continues to require that the premises where these licenses are granted be at all times kept in a clean and sanitary condition. All applications are submitted to the Police Department for investigation as to the character of the applicant and the conditions of the premises.

## REPORT OF CHIEF OF POLICE FOR THE YEAR ENDING DECEMBER 31, 1917.

---

ARLINGTON, MASS., January 1, 1918.

*To the Honorable Board of Selectmen:*

*Gentlemen.* I have the honor to submit a condensed report of the doings of the Police Department for the year ending December 31, 1917.

During the year there have been 696 complaints made at Court for various violations of law; of this number 333 were for violation of the automobile laws, 12 for breaking and entering and larceny, 84 for larceny, 87 for drunkenness (41 less than in 1916), and 1 for robbery.

There was an increase of 142 arrests over last year and fines to the amount of \$2,143 were imposed by the Court.

Of the number arrested 405 were non-residents, 83 were juveniles and 26 were females; 130 were arrested for the police of other cities and towns.

There have been 785 cases reported and investigated; an increase of 65 over 1916. Many of these cases were adjusted without recourse to the Courts.

There have been 145 accident cases reported and attended to by this Department, an increase of 48 over last year.

Property to the value of \$5,478.89 has been reported as stolen in Arlington, and we have recovered and returned to owners property to the value of \$4,619.

We have also recovered in Arlington automobiles stolen in other cities and towns to the value of \$10,235 and returned them to their respective owners.

Owing to the entry of our country into the war, the work of the police in every city and town has been greatly increased and our own Town has been no exception; your honorable board has been kept in close touch with local situations which have been many; the alien enemy, pro-German and alien slacker

are well known and a pretty accurate record of each has been made and given to the proper United States authorities; orders have just been issued by the Government to all police departments asking further assistance in this most important matter.

I am particularly proud to report that four members of this department, officers Fred M. Kirlin, Daniel P. Barry, Edward A. Irwin and Archibald F. Bullock have enlisted in the service of our country and have been given leave of absence by your honorable board during the war.

A letter just received by me from the brigadier-general in command states that "the four police officers from Arlington that I have in my command are making good. If the rest of your force are like them I wish I had them all."

Since enlisting, Officer Bullock has been commissioned a top sergeant, Daniel P. Barry a sergeant of orderlies and Fred M. Kirlin and Edward A. Irwin as sergeants. Their work as police officers was commendable and in the dark hours to come I know they will be an honor to the Town and a credit to our police department.

By order of your honorable board, this report has been abbreviated but a full report has been made in detail for your files.

In conclusion, I wish to thank your honorable board for the hearty co-operation you have given this department throughout a most trying year and to the loyal citizens who have assisted us by word, act or deed I am deeply grateful.

Respectfully submitted,

THOMAS O. D. URQUHART,  
*Chief of Police.*

# REPORT OF CHIEF OF FIRE DEPARTMENT.

---

ARLINGTON, DECEMBER 31, 1917.

*To the Honorable Board of Selectmen of the Town of Arlington.*

Gentlemen: I respectfully submit my annual report of the Arlington Fire Department for the year ending December 31, 1917.

The number of companies and equipment are the same as last year. A second-hand Knox Motor was purchased and the men at Highland Station have equipped the same into a combination hose and chemical truck, which will be put in commission at the Heights Station very soon, thus making the entire Department motor driven. The cost of this car complete to the Town will be \$1,000.00 which is a great saving in comparison with former purchases. The manual force is the same as last year. The motor apparatus is all in good condition, two of the cars having been thoroughly overhauled the past year, the work being done by the men of the Department thus making a big saving to the Town. The Stations are in fair repair. There will have to be quite a sum expended on them in the near future to conform to new rules made by the Fire Prevention Commissioners of the Metropolitan Fire District, which calls for fireproof fire stations, where motor apparatus is kept. This will have to be done in the next two years, where the time is extended.

The Department has answered 131 alarms, made up as follows: 68 bell calls, 63 still alarm calls, ten of these were false and four were out of town calls.

Value of buildings endangered	\$254,200.00
Value of contents of buildings	127,250.00
Insurance on buildings	239,900.00
Insurance on contents	106,200.00
Insurance paid on buildings	28,516.50
Insurance paid on contents	10,855.24

For further detail of alarms and work of the Department see records of Clerk of Engineers or the Records of the Department filed with the Selectmen.

The appropriation for the year ending December 31, 1917, was \$19,000.00, receipts \$10.00, total \$19,010.

For expenditures, see report of Auditor.

#### RECOMMENDATIONS

I recommend the appropriation of \$21,000.00 and receipts of Department for the ensuing year. This increase is occasioned by the call men asking for more pay and also by the increase in cost of all supplies required by Department. I recommend the strict enforcement of all building laws and laws relating to fire prevention. Attention to these matters at this time may save the Town serious trouble in later years.

#### CONCLUSION

In closing my report I respectfully thank your Honorable Board for the courteous manner in which you have received me in my official capacity. I also wish to thank all other officials of the Town who have so willingly given their services when called upon, and to my assistants and all members of the Fire Department. I give my sincere thanks for the able manner in which they have answered all demands made upon them, making the department a credit to the Town and a pleasure to command.

Respectfully submitted,

WALTER H. PEIRCE, *Chief..*

*To the Selectmen of the Town of Arlington.*

*Gentlemen:* I herewith submit my report as Inspector of Animals from June 1, 1917, to January 1, 1917. The annual inspection was made by the late Dr. Laurence L. Peirce, my predecessor in office.

During my term, the disinfection for two cases of glanders was inspected, and two cases of suspicious rabies were investigated.

## REPORT OF TOWN PHYSICIAN.

The work in this Department has considerably increased during the past year, and a much larger number of poor, both adult and children, are making increased demands for the services of the Town Physician.

*Town Physician.*

## GYPSY AND BROWN-TAIL MOTH DEPARTMENT.

---

*To the Honorable Board of Selectmen:*

I herewith submit my report as Superintendent of the Moth Department for the year ending December 31, 1917. The work of suppression, including treating nests, spraying, clearing brush and removing deadwood, has been carried on in a very economic yet satisfactory manner. The condition of our residential section is very good, and little damage has been caused by the moths the past year. The infestation of the woodlands at the extreme ends of the Town, especially at the Lexington line, is bad. Any let-up in the work at this time would mean the undoing of that for which we have expended much money in previous years in order to get the Town in the present condition. The elm-leaf beetle and brown-tail moth have become practically extinct.

I would recommend that \$5,500 be appropriated for the coming year. While this amount is the same as last year, it is practically a reduction of about \$500 owing to the increase in the cost of all materials, especially arsenate of lead which has advanced in price about 50%. The following tables will give the yearly expenditures as to character and location.

Respectfully,

D. M. DALEY,  
*Superintendent of Moth Department.*

## REPORT OF REGISTRARS OF VOTERS.

---

JANUARY 1, 1918.

The following report is submitted by the Board of Registrars of Voters for the year ending December 31, 1917.

During the past year, as in the preceding year, extra sessions of the Board were necessary, owing to the primaries previous to the Constitutional Convention, sessions for the Convention, and the meetings for the State Primaries and the State Election.

The duties of the Board are each year becoming more exacting, and requiring more of the time of the Registrars. The coming year these requirements will be even more exacting, as the Board will be called upon, if the recommendations of the Selectmen are adopted, to make a new voting district, and a subdivision of the town. This means a revision of our present Voting List, and a division of said List into two or more parts, if the Town votes to establish these Precincts.

The Law requires that no name once placed on the List shall be removed from the List, except in case of death, without first notifying the party whose name is to be removed, and giving him an opportunity to be heard.

The total number of registered voters December 31, 1916, was 3307, classified as follows:

Men	3150	
Women	157	
		3307

During the last year at the various meetings the numbers of names added to the List were as follows:

February 14	28
February 16	29
February 24	34
April 7	9
September 19	11

October 17	19
October 19	27
October 27	88
October 24	15
	—

260

During the year 224 names were dropped from the List on account of death or removal from Town.

The total number of women voters reported a year ago was 157. Since that time sixteen names have been added, making the list at this time, 173.

The revised list January 1, 1918, is as follows:

Whole number registered		3359
Whole number of men	3186	
Whole number of women	173	3359
	—	
Number of assessed polls in the Town		4977

## REPORT OF THE TRUSTEES OF THE ROBBINS LIBRARY.

---

### *To the Town of Arlington:*

The Trustees of the Robbins Library submit their annual report. The circulation shows a gain of 2,868 with a total of 56,902 as compared with 54,034 in 1916. The Children's Room shows a gain of 2,005 with 17,896 as against 15,891 in 1916.

The attendance in the Reading Room shows a loss on week days of 1,641 — 22,662 as against 24,303 in 1916, and a gain on Sundays of 569 — 2,916 as against 2,347 in 1916.

The attendance in the Children's Room has risen from 11,090 to 11,304, a gain of 214, with a further gain of 239 on Sundays, 2,479 as against 2,240 in 1916.

There has been a gain of 150 in books taken from the Stock Room, 37,122 as against 36,972 in 1916. The use of periodicals shows a loss of 312 — 2,386 as against 2,698.

There was a gain in books and periodicals loaned from the Arlington Heights Branch, 4,045 as against 3,554 in 1916. There was a loss of 396 in books and periodicals sent from the Centre to the Heights — 775 in 1917 as against 1,171 in 1916. The Postal Reserve shows a loss of 183 — 782 in 1917 as against 965 in 1916.

The East Arlington Branch was opened for use February 15, 1917, with Miss Mildred L. Marsh in attendance. After serving for seven months she resigned September 22 to take an office position in Boston and Miss Eva M. Smith took her place. Miss Marsh rendered important service in the establishment of the Branch and will be gratefully remembered in connection with it.

During this time, 1,109 books were sent from the Centre to the East Branch and 5,422 books and magazines sent out from the Branch. Visitors and readers at the Branch were 5,368 — 384 being visitors. A library of Italian books was borrowed for several months from the Massachusetts Free Public Library Commission.

Owing in part to the opening of the Branch, 252 more cards were given out than in 1916 -- 1,084 in 1917 as against 832 in 1916. The falling off in the number of readers at the Centre is doubtless due to the large amount of time given by Arlington women to Red Cross work, and to the fact that High School pupils are employing their spare time in working. There has been a gain in interest and attendance in the Children's Room. Six months' trial of removing book covers justified the adoption of that policy. Six special exhibits of books were made during the year: 1, Birds and Nature; 2, Wildflowers and Garden Books; 3, Butterflies and Trees; 4, Ten Volumes of Children's Library of Work and Play; 5, Little Cousin Series; 6, Christmas Books.

Although no special observance was made of the fact, the twenty-fifth anniversary of the dedication of the Library came on November 29, 1917.

The Library has tried to co-operate with the authorities in the matter of Food Conservation by installing a Food Thrift shelf in the Stack Room. It did its share for the Camp Library Fund by raising among its friends the amount asked, \$750. There were collected and shipped for the soldiers and sailors, 403 books and 277 numbers of magazines.

Miss M. Linda Black, after eleven years of faithful service, accepted a promotion in the library of the Twentieth Century Club. We have used taxicabs for the transfer of books with entire satisfaction, and note with pleasure the success of the East Arlington Branch.

The Library has been enriched by the gift of several war books from the Over-Seas Club, and books by other donors, and by gifts from Mrs. Charles O. Gage, Miss Mary J. Jacques, Mrs. Harold Rice, and art books from Mrs. N. C. Nash of Cambridge. The editor of the *Advocate* has continued to send us a file of that paper.

Exhibitions of photographs, etc. have been given in addition to those reported hitherto.

## REPORT OF THE SCHOOL COMMITTEE FOR THE YEAR 1917.

---

*To the Inhabitants of the Town of Arlington:*

During the past year we have endeavored to maintain the high standard of work in our schools that Arlington citizens have always demanded. War conditions have forced us to exercise rigid economy in our general expenditures and have prevented our making certain needed improvements in our buildings and equipment. But we feel that our schools are yielding substantial returns even though the unusual conditions surrounding us force us to progress conservatively.

Last spring the School Committee recommended additional school accommodations, but the citizens, partly because of dissatisfaction with the proposed site and partly because of disinclination to build while labor and materials are so expensive, voted negatively. The inevitable occurred when more children applied for admittance to our elementary schools last September than there were places for. The only solution was a longer school day, with two classes using one room in alternating periods. By this device, we are housing twenty-one classes in the Crosby, a sixteen-room building, six classes in the Parmenter, a four-room building, and eleven classes in the Cutter, an eight-room building. This method applied further would take care of our increasing school population for a short time, if the citizens feel disposed to suffer the annoyance which the somewhat irregular school program occasions in the homes. The superintendent and teachers assure us that the children are suffering no loss educationally.

The Junior High School appears to have become an established part of our school system. Throughout the country, junior high schools are becoming installed and nowhere are they being discontinued. Both parents and teachers seem to feel that this institution effectively meets the needs of children between the ages of twelve and fifteen.

During the past year, the Board of Health and the School Department have employed a nurse, part of her time being given to Board of Health matters, and the balance to the public schools. This co-operative action by the two departments has been entirely satisfactory, but each feels that there is more work to be done than can be accomplished by one individual. We have come to regard our school nurse as a valuable and necessary addition to our forces, and we desire to continue the position permanently.

For the third successive year, it has devolved upon us to elect a new high school principal. Mr. Wallace, who has been with us one year, resigned last August to accept a position as director of the training classes at the Salem Normal School.

After a careful consideration of fifty candidates, the Committee selected Mr. Carl D. Burt who for many years had been a valued member of the Lowell High School faculty. Although Mr. Burt has been with us but a short time, he has caused us to feel full confidence that our High School is in safe hands.

It was with great regret that we accepted the resignation of Miss Heard, our music supervisor, last June. Her many years of efficient service had made her a valued public servant, and her splendid personality had won the high regard of her fellow-workers. We were fortunate to procure as her successor, Miss Grace G. Pierce of Middleboro, Mass. Miss Simonds, supervisor of domestic science, left us in May to accept a position with the Norfolk County Farm Bureau. We appointed as her successor Miss Harriet R. Pennell of the Newton Vocational School, who is maintaining the high standards established by Miss Simonds.

There has been much changing in the teaching force. This is an annual occurrence. Much of it cannot be helped, being beyond our power to control, but such of it as is due to the attraction of higher wages elsewhere is to be deplored and demands our attention. Such a large "turn over" as our reports show every year would appall the director of an industrial organization. Is it not probable that it is equally as expensive to our schools?

It will be necessary for us to request a larger appropriation for salaries. Our usual modest increase will not be sufficient

to meet the legitimate requests of our teachers, who, like other wage earners, are obliged to pay war prices for food, clothes, and lodgings.

With regard to the rest of the budget, the only increase asked for is for fuel. The cost of books and all other supplies has advanced tremendously, but we shall keep within the amount appropriated for these purposes last year.

Respectfully submitted,

CARL N. QUIMBY,  
*Chairman.*

---

In the death of Dr. Laurence L. Peirce a member of the Board of Health for nine years, the Town has lost a man intensely interested in the health affairs of the community.

His activity in perfecting the organization of the various departments of the Board of Health of the Town has resulted in a system of work embodying the highest ideals.

By his efforts he secured the laboratory and its magnificent equipment, and the establishment of the Board of Health and School Nurse.

Upon his death the following resolutions were adopted:

Died at Arlington, Mass., April 28, 1917, Laurence L. Peirce, M.D.V., late Chairman of the Board of Health in this Town. We his associates in office wish to place on record our feeling of deep grief for the loss we have sustained, and our high appreciation of his character as a man, a town officer, a citizen, and an associate. In his daily life he displayed those high qualities of mind and heart which formed the basis of his character, and made him respected and loved by all who knew him. As Chairman of the Board of Health his thorough knowledge of his duties, his faithfulness and ability in performing them were worthy of all praise. His memory will always be cherished as an example of that high type of character

which is built up by following the dictates of an enlightened conscience, and the impulse of a kind heart.

Resolved: That the foregoing tribute be spread upon the records of this Board.

GUY E. SANGER, M.D.,

## REPORT OF THE BACTERIOLOGIST AND PHYSICIAN TO THE BOARD OF HEALTH.

*To the Board of Health, Arlington, Mass.:*

*Gentlemen:* I herewith submit my report as Bacteriologist and Physician to the Board of Health for the year ending December 31, 1917.

### BACTERIOLOGICAL WORK.

	<i>Total</i>	<i>Pos.</i>	<i>Neg.</i>	<i>For Diagnosis</i>	<i>For Release</i>
Diphtheria	202	18	184	176	26
Typhoid Fever	48	3	45		
Malaria	8	0	8		
Tuberculosis	102	21	81		
Gonococci	11	2	9		

This work is exclusive of some of the routine examinations made at the Dispensary, and also of the work done at the Parochial School when cultures were taken of all those exposed to diphtheria (122). Four of these were found positive and by excluding these carriers the impending epidemic was stopped.

### TUBERCULOSIS DISPENSARY.

Now that we have Miss Elsie D. Gould, an efficient, well-trained nurse, the work and enthusiasm has increased, and, therefore, the results have proportionately increased. Where last year we were fortunate to have one patient a week, we now have fairly regularly, from eight to ten a week which shows the benefit derived from the nurse visiting the homes and urging the patients to report for examination.

### PHYSICIAN TO THE BOARD.

Measles has been rampant at the Heights but as only a small proportion have been reported to us, we have not been able to check the progress much. If the public only regarded this disease more seriously we might be able to cope with it a little better.

Other contagious diseases have been few except the epidemic

of diphtheria at the Parochial School which, as I have said before, was stopped by culturing the exposed children.

Respectfully submitted,

EZEKIEL PRATT, M.D.,  
*Bacteriologist and Physician to the Board of Health.*

## REPORT OF THE SUPERINTENDENT OF THE HEALTH DEPARTMENT.

*To the Board of Health, Arlington, Mass.*

*Gentlemen:* I herewith submit my annual report as Superintendent of the Health Department for the year ending December 31, 1917.

The character of the work of this department, which consists principally of the collection of offal, ashes, rubbish, etc., rarely changes other than to increase in cost each succeeding year, due to increase in population, cost of labor, teams, etc. The usual increase due to new building construction should be very slight this year, owing to the fact that business in that line is practically at a standstill. In regard to labor and teams, it is, for various reasons, difficult to forecast the situation, and any estimate at this time must be entirely problematical.

During the past year there have been collected and hauled to the various dumps 6222 single cartloads of ashes, an increase of about 3% over last year. There were collected 993 wagonloads of waste papers, a decrease of about 25% from 1916. This was due to the fact that many of the storekeepers baled and sold their own paper. The collection of garbage amounted to about 300 cords, a decrease of about 20% due to the agitation relative to food conservation.

The equipment has been kept in repair and consists of the following: 4 offal wagons (1 new), 3 offal pungs, 1 paper wagon, 1 double drop bottom Wesson ash cart, 2 single ash carts, and 1 single ash sled, together with manure pulls, shovels, forks, etc.

A large cesspool has been constructed at the offal house, and thus far has given satisfaction. In closing I would recommend an appropriation of \$19,000 for carrying on the work of this department the ensuing year.

Receipts and expenditures:

<i>Offal</i>	<i>1917</i>	<i>Offal</i>	<i>1916</i>

## REPORT OF THE INSPECTOR OF MARKETS.

*To the Board of Health, Arlington, Mass.*

*Gentlemen:* I herewith submit my report as Inspector of Markets for the year ending December 31, 1917.

All markets were inspected at frequent intervals and in most cases found living up to all State and Town health laws.

We have at present about sixty stores that are visited by the Inspector of Markets. A few complaints coming to my attention were investigated. One, of tainted corned beef which was returned, the storekeeper refunded the purchase price. Two cases of bad odor in markets proved to be bad corned beef brine which was condemned.

Fish markets are kept clean and fish has been found very good. Refrigerators in a few markets were found unsatisfactory as to cleanliness, but storekeepers in all cases made matters right. A few storekeepers selling "shortening" without stamping the same as "compound" were instructed to purchase stamp and use it.

The following were condemned as unfit for food:

15 pounds chicken.  
 18 pounds veal.  
 15 pounds beef liver.  
 20 pounds haddock.  
 $\frac{1}{2}$  gallon oysters.

Respectfully submitted,

TIMOTHY J. FALVEY,  
*Inspector of Markets.*

## REPORT OF THE INSPECTOR OF MILK.

*To the Board of Health, Arlington, Mass.*

*Gentlemen:* I herewith submit my report as Inspector of Milk from May 4, 1917, to December 31, 1917.

It has been the policy of your Inspector to try to make Arlington's milk supply clean, pure, and reasonably safe. It

became necessary in carrying out this policy to require in some instances that changes in construction and sanitary improvements be made. As a result of these requirements, one dealer preferred to dispose of his business rather than make the changes suggested.

The following summary shows in detail the amount and nature of the work done during that portion of the year which this report covers.

# REPORT OF COMMISSIONERS OF CEMETERIES ROBBINS FUND, SOLDIERS' MONUMENT FUND AND SAMUEL C. BUCKNAM FUND.

---

Arlington, February 1, 1918.

The Commissioners of Cemeteries, Soldiers' Monument Fund and Samuel C. Bucknam Fund herewith present the report of the work done by the Department during the year ending December 31, 1917.

During the year more lots and single graves have been sold than ever before, the number of lots sold being 45 and single graves 21, making a total of 66, as against 62 in 1917. The difference between the two years is, however, better shown by the number of lots, 45 in 1917, as against 25 in 1916, and 21 single graves in 1917, as against 37 in 1916.

The gross receipts from the sale of these lots and single graves is \$3625. From this amount \$635 was credited to the Cemetery Department for grading, corner posts, etc., and the balance \$2990 turned into the Town Treasury and made available for other purposes. The large number of lots sold made it necessary to grade and prepare for sale Plot "Q," and this has been done during the year. The drives, walks and plots have received the usual attention during the year, as have the Soldiers' Monument Grounds and the Old Cemetery, both of which come under the care of the Commissioners.

## AUDITOR'S REPORT.

For the Financial Year Ending December 31, 1917.

---

The accounts of the Treasurer and Collector have been examined and found correct, with balances as shown, and my approval has been attached to their accounts.

The accounts of the various Trustees of Funds have been examined and all securities as shown by their reports were verified and found correct.

There are three overdrafts shown in the accounts, Interest, German War Aid, and Town House. The first two were unavoidable, being due to causes beyond our control.

The overdraft on Town Hall is due to the falling off in rents of the hall and the large expense for necessary repairs.

At a Town Meeting held October 25, 1916, it was voted: That the Town Auditor prepare an analysis of the tax rate in a condensed form, showing the total amount expended by each Board or Department of the Town, and that it be printed annually upon the tax notices and tax bills sent out by the Collector of Taxes.

This has not been done, as it is not possible to show total expenditures in an analysis of tax rate. In 1917 the total amount of money authorized to be expended was \$743,398.54 while the amount of money raised by the tax rate of \$25.50 was \$491,680.26, and also some of the larger appropriations do not enter into the tax rate, as for instance, Water Department and Sewer Construction. There also seemed to be differences in opinion as to what was wanted. The analysis of tax rate published by the Assessors for two years and which it seemed was not wanted is the only form in which an analysis of the tax rate can be made.

I would renew my suggestion of last year regarding balances being left with the Departments.

Respectfully submitted,

GEORGE McK. RICHARDSON.

# REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

---

The Joint Board of Selectmen and Board of Public Works herewith present the fourteenth annual report of the Board on matters coming under their supervision and control for the year ending December 31, 1917.

At the annual meeting held March 5, 1917, Mr. Thomas D. Kennedy was elected a member of the Board of Public Works for the term of three years, and under the law became a member of the Joint Board.

At the meeting of the Board held March 13, 1917, Mr. Horatio A. Phinney, Chairman of the Board of Selectmen, was elected as Chairman of the Joint Board. Thomas J. Robinson was elected as Clerk of the Board.

The following appointments were made for the year ending April 1, 1918:

Town Counsel, Philip A. Hendrick.

Superintendent of Public Works and Town Engineer, George E. Ahern.

Superintendent of Wires, Reuben W. LeBaron.

The regular meeting nights of the Board are alternate Tuesdays, and such other times as business pertaining to the Board requires.

The authority of the Board is contained in Section 5 of Chapter 3 of the Acts of 1904, creating the Joint Board, and is as follows:

“Section 5. Upon the election of said Board of Public Works all the powers, rights and duties and liabilities of the Selectmen in said Town, now existing, or hereafter created by law, relating to highways, Town ways, the laying out and discontinuance of ways, bridges, sidewalks, guide posts, monuments at the terminal and angles of roads, public squares, playgrounds, shade trees, sewers, drains, street watering, street lighting, the assessment of damages and betterments, water pipes, gas pipes, conduits, poles, wires, street railways, the granting of locations, rights or licenses

for structures upon, under or over highways, or other ways, shall be exercised, enjoyed, performed and incurred by a Board consisting of the Selectmen and the Board of Public Works, created by this act, sitting jointly as the Board of Survey."

The foregoing Act was accepted by the Town, February 8, 1904, and has been in operation since that time.

### NEW STREETS.

The Town having accepted the provisions of Chapter 249 of the Acts of 1897, known as The Board of Survey Act, the Board has established the following rules and regulations governing petitions for the laying out and acceptance of new streets. The Board found this action necessary in order to avoid misunderstandings, and to enable petitioners to know approximately what the ultimate cost of the street would be, and the conditions under which the Board could recommend the acceptance of these streets to the Town. The rules, as adopted by the Board, are:

1. *Approval of Plans.* No plan will be approved which does not comply with the following Board of Survey Act.

2. *Petition for estimate of cost of construction.* After the approval of plans by the Board the interested parties may on application receive from the Clerk of the Board a blank form of petition requesting the Board to furnish an estimate of the cost of construction of the proposed street. This petition should bear the names of *all* owners of land abutting on the street together with the *signatures* of the parties petitioning.

On receipt of this petition the Board will designate the type of construction and direct the Town Engineer to make an estimate of the cost of this construction.

3. *Petition for the laying out of streets.* A blank form of petition for layout, stating the length, width, type of construction and estimated cost, will then be sent to the petitioner. This petition should also show names of *all* owners of land abutting and their addresses, together with the signatures of as many as possible of the parties desiring the layout. On receipt of this petition the Board will set a date for a hearing and all interested parties will be notified.

4. *Action by the Board at first hearing.* After this first hear-

ing, if, in the opinion of the Board, common convenience and necessity require that the street in question be laid out as a public highway, they so vote and further vote that it is the *intention* of the Board to so lay out. A hearing is then set on the intention of the Board, and all interested parties are notified by warrant served by a Constable of the date of said hearing.

5. *Final hearing on intention of the Board to lay out.* If after the second hearing the Board are still of the opinion that public convenience and necessity require that said street should be laid out as a public way a vote is passed laying the street out in accordance with the plans approved by the Board and a record is made of the description of the street by meters and bounds.

6. *Acceptance by the Town.* After the vote by the Board to lay out it is then within the authority of the Board of Selectmen on petition to insert an article in the Town Warrant for the acceptance of the street. No street can be brought before the Town for acceptance until the foregoing rules have been complied with. The Board would remind all persons intending to petition for the laying out and acceptance of streets that appropriations for this purpose are only made at the March meeting of each year. The petitions should, therefore, be filed during the early fall months, in order to allow time for hearings before the drawing of the Warrant for the March meeting.

In addition to the foregoing rules the Board has established a rule by which persons desiring the laying out, construction and acceptance of new streets will be informed before final action by the Board of the estimated cost of the construction and the approximate assessment to be levied on the abutting owners. This rule has worked very satisfactorily, enabling the petitioners to know what the street will cost them individually, and relieving the Board, when betterments are assessed, of many misunderstandings as to the portion of the cost which is to be borne by the abutting owners.

#### STREET BETTERMENT ASSESSMENTS.

During the year three new streets have been accepted and constructed, and two which were accepted the previous year have been completed. Betterment assessments have already

been levied on two of these streets and the others will be assessed the coming year. As stated in previous reports, the assessment of these betterments is not an easy task, where the Board, as the sworn officials of the Town, desire only to be fair with the parties financially affected and to the Town. A proposition has been advanced many times advocating the abolishment of assessing betterments on newly constructed streets and to have the Town bear the full expense, the reimbursement by the abutters to be in the form of increased valuation on the property by the Assessors. This is a proposition, however, that the Board is not prepared, at this time, to say would be the best method. But they are of the opinion that it is a matter which should be very seriously considered.

#### STREET LIGHTING.

In accordance with a vote of the Town passed last year, the street lights were placed on the all-night schedule and an appropriation made therefor of \$15,300. Of this amount \$14,987.81 was expended. As the all-night schedule was not ordered in until April 4, 1917, it will be seen that the expenditures covered only nine months of the all-night schedule and three months of the old schedule. During the year thirty-nine new lights were installed and three were removed, making a net addition of thirty-six new lights. The Board estimated that for the coming year twenty-two additional lights will be required. If the all-night schedule is to be maintained the coming year an appropriation of \$16,226.80 will be required.

Owing to the economic conditions during the last of the year the ornamental lighting system in the centre of the Town was reduced to four lights. The Board can see at this time no change in these conditions during the coming year, and would, therefore, recommend the sum mentioned above for street lighting, the Board to use their judgment in the changing of schedules or reducing the number of lights.

#### PERMANENT SIDEWALKS.

During the past year the Board has inaugurated a new system in granting permits to lay sidewalks of a permanent character. In previous years the appropriation made was insufficient to

enable the Board to reimburse the parties desiring these sidewalks until the following year. This was, in a degree, mortgaging the appropriation of the following year. Last year an appropriation of \$3,965.00 was recommended and granted, and the Board was thus enabled to not only reimburse for work done the previous year, but was able to pay for all work done in 1917. The Board now requires the applicant for a permanent sidewalk, to deposit one-half of the cost of the sidewalk, as estimated by the Town Engineer before the work is started. The Board makes the contract for all sidewalks so that the Town is at all times protected as to the quality of this work, and is paying only the lowest price obtainable from bidders for the work.

This system, during the past year, has worked to the satisfaction and advantage of all parties at interest — the Town, the petitioner, and the contractor.

The Board would recommend the same appropriation for permanent sidewalks as was made last year, viz: \$2,500.00.

#### SUMMER STREET AND MYSTIC VALLEY BOULEVARD.

During the year the State Highway Commission has resurfaced Summer Street from Brattle Street into the Town of Lexington, making this street of the same character and width as other state highways. The Town has resurfaced a portion of the street between Grove and Mill Streets. The Town had in previous years established the width of this street between Mystic and Brattle Street as fifty feet, and have partially constructed the portion between Grove and Brattle Street. On a petition to the Massachusetts Highway Commission for a contribution for the maintenance of Massachusetts Avenue, as a main thoroughfare the Commissioners were of the opinion that such amount as they could spend could better be spent on the completion of Summer Street, as this would, in a great measure, relieve the traffic over Massachusetts Avenue. At a conference held with the County Commissioners in relation to this matter it seemed to them also desirable that Summer Street should be completed. The petition of the Board is now pending with the Highway Commissioners and the County Commissioners. Through the efforts of Representative Bitzer the Metropolitan Park Commission has practically agreed to spend the sum of

\$20,000 to put the Mystic Valley Parkway, from Mystic Street to Medford Street in a condition that will care for all traffic through this section of the Boulevard. In view of this fact, it seems particularly desirable that the Town should appropriate its portion (one-third) of the cost of widening and constructing Summer Street from Mystic Street to Brattle Street. Thus, providing a continuous and unbroken boulevard from the present end of the boulevard in Medford to the State road in Lexington. As will be seen, this will greatly relieve Massachusetts Avenue of practically all automobile traffic north and south.

#### PETITION FOR TRACK LOCATION AT MASSACHUSETTS AVENUE AND MYSTIC STREET.

During the year, on a petition by the residents of Winchester, the Public Service Commission, after a hearing, ordered that a connection be made at the corner of Massachusetts Avenue and Mystic Street, thus enabling the Bay State Street Railway Company and the Boston Elevated Company to maintain a through service from Winchester to Harvard Square. This order was issued despite the unanimous opposition of the people of Arlington. This opposition was based not from any desire of the Board or the citizens of Arlington to deprive the citizens of Winchester of this through service, but from the extreme danger that this connection would make, owing to the narrowness of Mystic Street and the constant and increasing traffic on Massachusetts Avenue. A temporary stay has been granted by the Public Service Commission to the companies involved, in putting this order into execution. The Board hopes that before the expiration of the time allowed the Company, they will be in a position to present a more feasible and attractive plan, and one that will insure safety to bring about the conditions desired.

#### DEVELOPMENT OF NEW TERRITORY.

The Board has continued during the past year to carefully study all plans of proposed layouts presented by parties desiring to develop new territory. The policy of the Board is not to hinder but on the contrary to encourage proper development of the remaining areas in Arlington. With this object in view

they have, in each case, sought to have such restrictions, setbacks, etc., as would protect the future purchasers desiring to make Arlington their home. This policy of the Board has worked a distinct advantage to many people purchasing land and erecting homes in the Town, with no disadvantage, or inconvenience to the developers of the property.

#### OXFORD STREET.

The construction of this street from Massachusetts Avenue to Raleigh Street was petitioned for by the abutting owners. In the petition it was stated that the abutters were willing to construct the street at their own expense, and in a manner satisfactory to the Board and in accord with specifications of the Town Engineer. This work has been done, the Town paying only its share for the portion abutting the Crosby School lot. This method of constructing new streets meets with the approval of the Board, provided the work is done in accordance with the specifications as drawn by the Town Engineer and to the satisfaction of the Board. Under this method the Board is placed in a position to recommend the acceptance of the street to the Town without the assessment of betterments, and allows the developer to add the cost of the construction of the street to the price charged to the purchaser.

#### STREET RAILWAY SERVICE.

The Board is pleased to report that the service of the Boston Elevated Street Railway Company has been of a satisfactory character during the past year. With the removal of the switch at the monument, and the running of all Broadway cars to Arlington Heights the discomforts and disadvantages of transferring have been removed and the Centre of the Town has been kept free from congestion by reason of standing cars. The Board has received no complaints as to the service and are in hopes that the long continued disagreeable features of shifting cars at the Centre so long complained of have been remedied.

## PROPOSED STREET FROM MASSACHUSETTS AVENUE TO MYSTIC STREET.

As reported a year ago, the Board has a plan showing a proposed new street from Massachusetts Avenue to Mystic Street. In accordance with a vote of the Town, the Board has petitioned the Superior Court for the appointment of a special Commission in connection with this proposed street tending toward the elimination of the grade crossing at Mill Street. This petition is still pending before the Court, no appointment having, as yet, been made.

## POLE LOCATIONS AND ATTACHMENTS OF WIRES.

During the year the petitions of the Edison Electric Illuminating Company and the New England Telephone and Telegraph Company for pole locations have not been as numerous as in previous years due to the economic conditions existing.

These petitions are referred to the Superintendent of Wires and the Town Engineer before being granted.

## REPORT OF THE SUPERINTENDENT OF WIRES.

---

*To the Honorable Board of Selectmen and Board of Public Works.*

*Gentlemen:* I respectfully submit my eighteenth Annual Report as Superintendent of Wires for the year ending December 31, 1917, as follows:

### STREET LIGHTING

In accordance with vote of the town at the Annual Town Meeting, "All Night Lighting" was put into effect on April 4, 1917. This is the first time in the History of the Town that all street lights were put on an All Night Schedule, burning from thirty minutes after sundown to thirty minutes before sunrise.

On March 29, 1917, all incandescent lamps, except of 600 candle power, were changed from the Type "B" Mazda Lamps to Type "C" Nitrogen Lamps. This change in class of lamps increased the candle power of various sizes in use from 25% to 50%. These new types of lamps were installed by the Edison Company without charge.

During the year thirty-nine (39) new lights were installed and three (3) were removed, making a net addition of thirty-six new lights put in commission. Owing to the All Night Lighting Schedule being put into effect it was deemed advisable by the Wire Department to change locations of various street lights for the betterment of the service. Seventeen (17) lights of various candle power were removed and re-installed in new locations. Eleven (11) lights were reduced in candle power in accordance with the all night lighting system, in consequence, the operating cost of these lights is much less to the town. A complete detailed report of new lights installed, changes in candle power, etc., has been filed with the Town Clerk and also a duplicate report is on file at Wire Department Headquarters for future reference, when such information is desired.

## SCHEDULE OF STREET LIGHTS IN SERVICE DECEMBER 31, 1917

60 Candle Power, Type "C" Incandescent.....	432
80 Candle Power, Type "C" Incandescent.....	21
100 Candle Power, Type "C" Incandescent.....	1
600 Candle Power, Type "C" Incandescent.....	34
Total.....	538

## ORNAMENTAL LIGHTING SYSTEM

60 Watt Mazda Lamps.....	45
100 Watt Mazda Lamps.....	4
Total.....	49

In accordance with your orders on December 1, twenty (20) 60 Watt Lamps were temporarily discontinued on the Ornamental Lighting System as recommended by the Committee on Conservation of Fuel.

## POLES AND WIRES

During the year, thirty-one (31) new poles were set in locations as petitioned for by the various companies desiring locations. One hundred and six (106) poles were replaced during the year, fifty-five (55) by the Edison Company and fifty-one (51) by the Telephone Company.

## INSPECTION OF WIRES IN BUILDINGS

Six hundred and nineteen (619) applications were filed with the Wire Department during the year, for new electrical construction. Six hundred and twelve (612) inspections were made of work done.

One hundred and fifty-two (152) new buildings of all classes were wired during the year, which is ninety-eight (98) less than 1916. Forty-four (44) old buildings were wired during the year, against one hundred and eleven (111) in 1916.

New buildings wired, are as follows:

Single Houses.....	43
Garages (Single).....	16
Garages (3 Car).....	1

Garages (Public) . . . . .	2
Store Blocks (9 stores) . . . . .	1
Factory . . . . .	1
Two Flat Apartment Houses . . . . .	74
Garages (Two Car) . . . . .	9
Garages (Four Car) . . . . .	3
Store Blocks, (6 Stores) . . . . .	1
Hospital Building (Nurses' Home) . . . . .	1

Forty-one hundred and thirty (4130) lights, thirty-four (34) motors and seven (7) electric ranges were installed, with other miscellaneous electrical apparatus during the year.

Two (2) electric fires have occurred during the year caused by electric flat irons, the current being accidentally left on these irons. Too great care cannot be given by users of this class of electric heating irons, or any other portable electric heating device, to be sure that the current is shut off after using, as fires are liable to happen with excessive heating of any electrical appliances, especially flat irons.

#### FIRE ALARM AND POLICE SIGNALS

Most careful inspection and care have been given these systems during the year to ensure proper operation, as conditions existing, when no one can tell at any minute what may happen have made it imperative that every thing possible should be done to give quick and correct service to the Fire and Police Departments. Owing to the high cost of materials prevailing, no more new construction was done than was necessary to strengthen and renew parts of the existing systems. Twenty-six hundred and ninety (2690) feet of 4-wire, lead-incased cable and fourteen hundred and thirty-five (1435) feet of 2-wire, lead-encased cable were purchased during the year. Nine hundred and eighty-five (985) feet of 2-wire and seventeen-hundred and seventy (1770) feet of 4-wire cables were installed in the Heights section of the Town for replacing old aerial wires on poles. These new underground wires were installed on Massachusetts Avenue, from a point opposite Daniels Street to a point near Boston Elevated Car Barns, also new underground wires were installed on Park Avenue, from junction of Massachusetts Avenue to corner of Park and Wollaston Avenues, and

on Park Avenue from junction of Massachusetts and Park Avenues to a point near bridge crossing Boston and Maine Railroad. One (1) iron terminal post was located at corner of Massachusetts and Park Avenues for Police Box 412, removing this box from old location on pole near car barns. One (1) fire post iron terminal was installed on Massachusetts Avenue opposite Daniels Street for future installation of a Fire Alarm Box much needed in this locality. Other underground cables purchased will be installed this coming year in locations deemed most advisable by this department.

During the year two (2) iron fire post terminals were broken by teams coming in contact with same.

On November 8 the whistle-blowing machine in tower, at top of Old Town Hall, broke a part of this machine on the 6:45 P. M. Test Blow of system. This machine has been in continuous service for twenty-eight (28) years since purchased and this is the first accident happening to this, one of the most important parts of the Fire Alarm System.

On May 7 the main spring in Police Signal Register broke after ten (10) years and eleven (11) months' service, which, considering the thousands of calls received over this machine in past years, speaks well of the service given.

On June 11, 12, 13 and 14, at 9 P. M., signals were sounded on the Fire Alarm calling attention to days remaining to purchase the first issued "Liberty Bonds" as ordered by the Treasury Department at Washington, D. C.

On December 8 a new Police Signal Bus, No. 16, was installed on Lake Street opposite Newcomb Street.

#### AUTO EMERGENCY TRUCK

An automobile truck was purchased for the Wire Department late this year after giving careful consideration as to what class of truck would be most suitable. This truck has been fitted with special equipment as required for an Electrical Department, and the town now has a piece of apparatus that can be called an "Emergency Truck" thoroughly equipped to perform work required by the Wire Department, and also to assist any other Town Departments in cases of emergency. This

truck will be located at the Central Fire Station on Broadway in accordance with the orders of the Board of Selectmen.

#### DEPUTY ELECTRICIAN

Owing to the scarcity of skilled help, especially in the electrical line, your Superintendent did not appoint a Deputy Electrician during the year as a man capable and with knowledge of Municipal Signal Systems could not be found who could satisfactorily fill the position. It is hoped this coming year that a man may be employed for this position, as there are many duties to perform in the Wire Department requiring the services of a permanent assistant electrician.

#### IN CONCLUSION

In submitting estimate for the requirements of the Wire Department for the coming year, I would respectfully say that most careful consideration has been given to appropriation required as submitted to your Honorable Board. The high tax rate prevailing during the past year, and the general economic conditions existing throughout the country, in my opinion, do not warrant making any great extensions to the Town's Signal Systems, other than to allow for a reasonable amount of new construction and to keep the present systems up to the highest standard of efficiency. The exceeding high cost, now prevailing, of all classes of electrical appliances, wires, etc., in my judgment makes it necessary to "go slow" until such times as materials reach a normal basis. Much new construction should be done on the Fire Alarm and Police Signal Systems, especially in renewing and extending of underground wires, but the present systems can be repaired and kept in working condition until such times as it will not be necessary to pay from 100 to 200% over normal prices.

Respectfully submitted,

R. W. LEBARON,  
*Superintendent of Wires.*

Two thousand two hundred forty-four (2244) square yards of concrete road was laid on the north side of Massachusetts Avenue, from the Cambridge line to Teel Street, by P. J. Kelley, contractor, under plans and specifications prepared by this department. The material excavated was used in the construction of residential streets in that vicinity.

Five thousand two hundred sixteen (5216) square yards of temporary tar walks were laid by contract under plans and specifications prepared by this department, and eight thousand six hundred forty-five (8645) square yards were laid by the Board of Public Works with its own employees.

Eight hundred thirty (830) square yards of granolithic sidewalks and five hundred forty-five (545) square yards of permanent tar sidewalks were laid by contract and the work inspected by this department.

During the year a total length of 3122.51 lineal feet of main sewers were constructed and 117 house connections were made. Sewer assessment plans of the work are all completed and assessments levied.

For details of the cost of this work, see Board of Public Works Report.

Surveys, plans and estimates were made for a proposed main sewer along Mill Brook, from Grove Street to Brattle Street, with a view toward eliminating Brattle Street sewer pump, and this matter is now under consideration with the Metropolitan Sewerage Board.

Lines and grades were given for laying 7776.6 lineal feet of water mains and record plans made showing the location of new mains, hydrants, gates, etc.

Board of Survey studies were made for new streets on land, formerly owned by Richard Irwin, north of Summer Street and called Brattle Heights; on land included between Massachusetts Avenue, Gloucester Street, Mount Vernon Street and Highland Avenue; on land on Appleton Street near the Lexington Town line; and also on land west of Morningside owned by Mr. Lester D. Langley.

Forty-three (43) plans were verified by this department and approved by the Board of Survey.

Street numbering plans of all new streets have been made, new buildings located and numbers assigned.

Plans have been made by the various companies and corporations and filed in the Town Engineer's office, showing the locations of gas mains, poles, tracks, and conduits, permits for which have been granted by the Joint Board during the year.

Annexed to this report is a table giving the names of all streets in the Town, public and private, lengths, widths, and total mileage; also a table of general statistics pertaining to the Town.

Respectfully submitted,

GEORGE E. AHERN,  
*Town Engineer and Superintendent of Public Works.*

## REPORT OF TOWN COUNSEL.

---

*To the Honorable, the Joint Board of Selectmen and the Board of Public Works of the Town of Arlington.*

I herewith hand you my report as Town Counsel for the year ending December 31, 1917.

During the year twenty-three (23) cases were disposed of either by trial or settlement. There remain at the end of this year seven (7) cases pending in various courts against the Town.

The Town has been represented before the Public Service Commission and the various Committees of the Legislature and the regular routine work of the various Departments has been attended to.

Respectfully submitted,

PHILIP A. HENDRICK,  
*Town Counsel.*

# REPORT OF PLANNING BOARD.

---

## ORGANIZATION.

The members of the Planning Board of 1917 are H. W. Hayes, Chairman, Harry G. Porter, James P. Parmenter, Cyrus E. Dallin, Robert W. Pond, Jacob Bitzer, Secretary.

The Board had, during the year, kept in touch with all public improvements and necessities required in Arlington and has acquired information in regard to the work of other Planning Boards throughout the State.

## RECOMMENDATIONS.

Owing to the high cost of labor and materials, also the many demands for money to carry on the war, the Board recommends that the Town proceed with only those undertakings that are absolutely necessary, such as the maintenance and repair of the highways. New schemes for the development of the Town should be deferred until the return of normal conditions.

The Board at this time desires to call the attention of the Town to the various projects that have been under discussion and their present status.

### BUILDING LINES ON MASSACHUSETTS AVENUE.

The establishment of building lines on Massachusetts Avenue was recommended by this Board in 1915, the matter was discussed in Town Meeting and referred to the Joint Board and Planning Board with instructions to report the estimated expense to the Town of the establishment of these lines.

### NEW STREET FROM MASSACHUSETTS AVENUE TO MYSTIC STREET.

The layout of a new street from Massachusetts Avenue to Mystic Street has been carefully considered and a plan drawn by the Town Engineer was approved by this Board. As this project involves the elimination of grade crossings, the Town

voted to grant permission to the Selectmen to petition for a commission to be appointed by the Superior Court.

#### PROTECTION OF MYSTIC LAKES.

The Legislature of 1917 passed a resolve authorizing the Metropolitan Park Board to investigate and report on the advisability of taking over the lower lake into the Park System; also to report on the prevention of the pollution of both lakes by the industries located on the watershed. A favorable report by the Park Commission will be a step toward the protection of the shores from the encroachment of building promoters and the prevention of pollution of the waters of both lakes.

#### SUCKER BROOK SEWER.

The necessity of building a sewer in the Sucker Brook Valley has been brought to the attention of the officials of the Town by numerous complaints from citizens in regard to unhealthy conditions existing in the valley. As a preliminary step in this undertaking, the following resolve was passed by the Legislature and was approved by the Governor, March 8, 1917:

Resolved, That the Metropolitan Water and Sewerage Board shall investigate the condition and capacity of the present Metropolitan sewer in the Town of Arlington with especial reference to its capacity to receive and dispose of the sewage of that part of the Town of Arlington tributary to the same, and of the Town of Lexington. The said Board is also authorized and directed to report a plan for the new sewer contemplated by Section 4 of Chapter 520 of the Acts of the year 1897, in the valley of Mill or Sucker Brook, so situated as to serve all parts of the said valley and such adjacent territory as, in the opinion of the Board, should be served by the same. The Board may employ such engineering or other assistance as may be necessary, and may incur an expense not exceeding one thousand dollars in carrying out the provisions of this resolve. The Board shall report to the present General Court not later than the first day of May, with plans and estimates of the cost of such construction as it may recommend. (Chapter 22 of the Resolves of 1916.)

In accordance with this resolve, the Metropolitan Water and Sewerage Board caused an examination to be made of the con-

ditions attending the disposal of sewage of that part of the Town of Arlington tributary to the present Metropolitan sewer therein, together with the sewage contributed by the Town of Lexington to this sewer.

The present sewer has a capacity at this time more than sufficient to dispose of the sewage of the district under question. It is, however, apparent that, with the present rate of increase of the population of these two towns in a few years' time some additional means of removing the sewage of this district will be necessary.

A plan is herewith submitted for the new sewer contemplated by Section 4 of Chapter 520 of the Acts of the year 1897, and it is believed that the sewer so planned will offer a sufficient relief for another generation. The detailed report of the engineer, and the plan representing the lines of the sewer recommended by him, are part of this report.

Respectfully submitted,

HENRY P. WALCOTT,  
EDWARD A. McLAUGHLIN,  
*Metropolitan Water and Sewerage Board.*

The plan for this sewer submitted by the engineer of the Metropolitan Water and Sewerage Board does not meet with the approval of this Board as the location of the sewer, as planned, does not follow the brook for a long distance. A joint taking of land by the Town and Metropolitan Water and Sewerage Board is recommended, so that the improvement and straightening of the brook can be accomplished at the time the sewer is built, thus reducing the cost of both projects to the State and the Town. The Town Engineer has been directed to co-operate with the Engineer of the Metropolitan Water and Sewerage Board in making a new study of the route for this sewer for the purpose of bringing about this improvement in the brook.

For the purpose of giving the Town authority to take lands and water rights in the brook, the following Act was introduced and passed by the Legislature of 1917.

AN ACT TO AUTHORIZE THE TOWN OF ARLINGTON TO TAKE  
SUCKER BROOK, SO-CALLED.

Be it enacted, etc., as follows:

For the purpose of protecting the health of its inhabitants, the Town of Arlington, by vote of the Town, may take by right of eminent domain Sucker Brook, so-called, and such land adjoining said brook as may be necessary for the purpose aforesaid, and the land or water rights so taken shall be taken and paid for in the manner provided by law in the case of land taken for highways. (Approved March 14, 1917.)

SUMMER STREET STATE HIGHWAY AND BOULEVARD.

The Board is much gratified to be able to report the completion of this State Highway which has been built under an agreement entered into by the Joint Board and the State Highway Commissioners. This splendid roadway has been thoroughly built under careful supervision by the engineers of the Town and the Highway Commission and has cost the State \$30,000 for its share of the work from Brattle Street to the Lexington line.

The Metropolitan Park Commission has expended to date \$29,000 on the construction of the boulevard from Mystic Street to Medford Street, and a still further expenditure of \$15,000 will be required to complete the work. The Legislature of 1917 refused to make any appropriation for highways and boulevards, thus delaying the completion of the Arlington Boulevard until the finances of the State will warrant making an appropriation for this work.

The State Highway and Boulevard will give the Town a new thoroughfare, relieving the traffic on Massachusetts Avenue and opening up an immense amount of territory for building purposes.

SCHOOL PROBLEMS.

The great increase in the school population every year makes it necessary to keep in mind the need of more schoolhouse accommodations.

The Town, at the annual meeting last March, voted against an appropriation for a Junior High School, therefore, the construction of this building must be deferred.

The Board recommends that the Town authorize no appropriation for buildings until the close of the war. A special committee has been appointed to investigate and report on sites for new grammar schools; pending this committee's report your Board will make no recommendations.

#### EXPENDITURES.

During the four years that the Board has been in existence there has been expended the sum of \$276.66. Erroneous reports have reached the Board that the running expenses are much larger.

Respectfully submitted,

HENRY W. HAYES,  
HARRY G. PORTER,  
JAMES P. PARMENTER,  
CYRUS E. DALLIN,  
ROBERT W. POND,  
JACOB BITZER, *Secretary*.

## REPORT OF TREE WARDEN.

---

The usual amount of planting, trimming and removing of trees was done this year.

The amount of dead wood found in our shade trees is very large and removing it is slow, dangerous and expensive, but in order to have it safe for travel on our streets this work should be done each year. Each year a number of our old shade trees die, due to lack of nutrition on account of our new method in building streets and sidewalks, and from the depredations of the leopard moth. This year we have removed twenty-three dead trees and eight dangerous trees which obstruct public travel on which hearings have been held. The removal of the tree in the triangle plot on Medford Street was a great improvement, and also removed a very dangerous obstacle to travel.

Two hundred and one maples, one hundred lindens, fifty Oriental planes and twenty poplars were set out on our streets and six poplars set out in Spy Pond Field.

Little damage has been done by leaf-eating insects this year, as these insects are kept in control by the Moth Department. I would recommend that \$1,250 be appropriated for the planting, removal and general care of shade trees. The following is a statement of the nature and location of work done by this Department:

*To the Board of Selectmen.*

*Gentlemen:* During 1917 the Park Department has had the usual good care taken of the various pieces of land under its charge together with the additional plots turned over to it at the last meeting.

Menotomy Rocks Park has been policed on Sundays and holidays throughout the season, and a new stone gate has been erected at the Jason Street entrance, taking the place of an unsightly board fence. Various trees and shrubs have been planted and this Department expects to make further much needed improvements another year provided the appropriation awarded to it will permit.

Respectfully submitted,

GORHAM H. DAVIS,  
*Chairman of the Park Commission.*

## REPORT OF BOARD OF PUBLIC WORKS.

---

The Board of Public Works herewith submits its annual report for the year ending December 31, 1917.

Henry S. Adams resigned as member of the Board on January 1 and Charles H. Gannett was elected by the Joint Board to serve until the annual meeting.

At the Town Meeting held on March 5, 1917, Thomas D. Kennedy was elected member of the Board for the term of three years. The Board organized on March 19 with the choice of Arthur Birch as Chairman.

### APPOINTMENTS

At a meeting held March 19 Harold N. Willis was appointed Clerk of the Board, Water Registrar, Purchasing Agent and Bookkeeper. On March 28, George E. Ahern was appointed Superintendent in charge of Highways, Sewer and Water. These appointments were for the year ending April 1, 1918.

#### HIGHWAY DIVISION

Each year the demand for smooth surfaced, easy riding streets becomes more insistent and each year the wear and tear upon the streets becomes greater, due in part to the increase in the amount of traffic, but principally to the change in the character of same.

Automobile trucks are rapidly supplanting the horse-drawn vehicles for trucking purposes. Many of these trucks weigh, loaded, between fifteen and twenty tons and put a great strain upon the surfaces of the streets. Road surfaces that will offer the greatest resistance to this wear, while more expensive at first, are the cheaper in the long run, as they require less maintenance.

This year it was deemed wiser to bring practically all the streets of the Town into fair condition than to spend large sums in certain locations and be obliged to neglect the others. With this object in view, patching crews were kept systematically going over the streets and filling up small holes as they appeared. The streets were also cleaned and otherwise repaired where necessary.

To preserve the surface and to prevent dust, the streets were treated with a wearing coat of tar or asphaltic oils, but little sprinkling with water being done. The surfaces of practically every accepted street in Town were thus treated, ten and one-half miles in length being treated with oil and twenty-two miles with tar.

Reconstruction work was done on nine streets during the year. On eight of these streets tar macadam was used and on one, concrete.

Temporary tar sidewalks, over four miles in length, were laid on twenty-one streets at a cost of \$6,925.58, which was less than the appropriation for this work, and the distance covered was almost twice. Other Town sidewalks were constantly given attention and their condition improved.

Catch basins were systematically cleaned and the condition of the storm drains looked into.

Three streets were accepted by the Town at the March meeting in 1917 — Fairmont Street, Park Avenue Extension, and Hopkins Road — and were constructed this year, and the construction of two of the streets accepted in 1916, Florence Avenue and Albermarle Street, was completed; \$12,914.96 was expended on this work, \$850 of which was taken from the Highway appropriation, the balance from the appropriation for the construction of streets.

In view of the fact that the cost of labor, teams and materials used was greater than ever before, the Board considers the results most creditable, both from a physical and financial standpoint, and this is due in great measure to the efficiency of our superintendent in handling the work.

Reference to tables 1 and 2 will show the details of maintenance and construction.

The value of the property controlled by the Highway Division, January 1, 1918, amounted to \$25,926.16, classified as follows:

## REPORT OF PUBLIC SAFETY COMMITTEE.

---

At the Town Meeting held March 26, 1917, owing to the fact that diplomatic relations between the United States and Germany had been severed, it was voted that a Committee of Fifteen be appointed by the Selectmen for the protection of the Town, to be known as the Public Safety Committee, said Committee to work in conjunction with the State Public Safety Committee. This Committee to have power to add to its membership and to fill vacancies. An appropriation of \$5000 was made for the use of the Committee. The following citizens were appointed by the Selectmen to serve on this Committee: S. Fred Hicks, Charles B. Devereaux, Walter E. Lombard, Alfred H. Knowles, Frank V. Noyes, William A. Muller, James E. Doughty, Nelson B. Crosby, Jacob Bitzer, Henry S. Adams, Henry W. Hayes, Henry Hornblower, M. Ernest Moore, John A. Bishop, Claude A. Palmer, Horatio A. Phinney, Warren A. Peirce and Thomas J. Robinson.

This Committee met and organized as follows: Horatio A. Phinney, Chairman; Thomas J. Robinson, Secretary; William A. Muller, Treasurer.

At the various meetings held the following citizens were added to the Committee: James M. Mead, Harry W. Marden, Willis P. Howard, Thomas J. Donnelly, James A. Bailey, Harold L. Frost, George Hill, Hollis M. Gott, Thomas O. D. Urquhart, Daniel Sweetland, Dr. Guy E. Sanger and Dr. Ezekiel Pratt.

Numerous meetings have been held and the Committee divided into sub-committees, in order to facilitate the work. These sub-committees are as follows: Finance, Food Production and Conservation, Co-ordination of Societies, Protection of Public Property, Home Guard and State Guard, Truck and Motor Cars, Fuel Conservation, Recruiting and Liberty Loan.

War was declared between the United States and Germany on April 6, 1917, and these various sub-committees were called upon to perform the duties in connection therewith, as outlined by the State Committee on Public Safety.

FOOD PRODUCTION AND CONSERVATION. In the early meetings of the Committee it became apparent that some measures should be adopted to not only produce more food for the use of our people and soldiers but to so conserve the food as to enable us to contribute to the support of our Allies.

The activities of the Committee appointed for this purpose covered a large scope and included the plowing of land, furnishing fertilizer and seed potatoes, water glass for the preservation of eggs and glass jars for the preservation of fruits and vegetables. Numerous lectures and demonstrations were given to illustrate to our people the urgent necessity of conserving food and the methods to obtain the best results. All of this work was done at only a fraction over the actual cost. A summary of the work may be, not only interesting to our citizens, but may serve as a guide in the future:

Area of new land plowed, 14 acres; fertilizer furnished, 26 cords; — water glass furnished, 6 barrels; seed potatoes supplied, 146 bushels; glass jars for preserving supplied, 1200 dozens.

This work was done at a cost of \$2393.90 and \$2366.38 has been received showing that the total cost to the Town for all this work has been but \$27.52 and part of this sum will no doubt be paid later.

STATE GUARD. In accordance with the request of the Governor, that a State Guard Company be formed in every city and town in the Commonwealth, the sub-committee appointed for this work have formed a Company in Arlington. This Company is ready at any call from the Governor for active duty to take the place of the State Militia, which has been called into the Federal service. To properly care for this Company and to furnish such equipment as was not furnished by the State, required an expenditure of \$1895.32. This amount includes office furniture, steel lockers (75), Company Fund, officers' uniforms, etc. This particular expense will not be necessary another year unless the forming of another Company is made necessary. The State Guard occupy the Old Town Hall Building and the officials of the Town have been unofficially informed that the State may pay a sum not exceeding \$900 per year as rental for this building as a third-class armory.

The Old Town Hall has also been made the headquarters of the Red Cross and Surgical Dressings Societies where the women of Arlington are doing such magnificent work for the soldiers.

**AUTO-CARS AND TRUCKS.** The Committee appointed to care for this important part of the work made a thorough canvass of the Town and have enlisted practically all motor cars and trucks, whose owners have signified their willingness to allow the use of the cars whenever called upon. These cars have been used in conducting the young men drafted to the camp at Ayer and are at the disposal of the Committee whenever needed.

**LIBERTY LOANS.** By systematic methods and untiring efforts, the Finance and Liberty Loan Committees not only obtained the quota allotted to Arlington for the two Liberty Loans, but they also accomplished the same results for the Red Cross, Y. M. C. A. and on the appeal of the Governor for the people of Halifax made necessary by the catastrophe in that city in December.

The work of the other Committees viz.: Protection of Public Property, Co-inordination of Societies, Publicity and Fuel Conservation has been performed by the members of these various Committees with the same care and foresight for the public good that have characterized the work of all other committees appointed for a particular work.

**RED CROSS WORK.** The Committee desires to record its appreciation of the splendid work being done by the women of Arlington in the work of the Red Cross and Surgical Dressings Committees. Perhaps no one man is better qualified, from actual knowledge; to speak of this great work more intelligently than the writer of this report. From the almost four hundred (400) of our young men, who have answered the call of their country, there has not been a request made to which the women of Arlington have not responded in providing the articles desired by the soldier. This too has been done with a promptness that relieved the situation immediately. Too much credit cannot be given the women of Arlington for the many acts of patriotic devotion evidenced by their work.

**THE COMING YEAR AND THE FUTURE.** For the coming year

your Committee can see no cause for a change, unless that change be for the more strict enforcement of the many suggestions that have been made for the conservation of *everything* that will, in any way, aid our Government in the prosecution of the war to a successful termination.

Your "bit" lies in many and diversified lines. Your bit does not end by simply giving when asked, in aid of the various projects, but it lies in denying yourself of some of the luxuries that perhaps you have become accustomed to enjoy. If you have a boy in the service you must curtail for *him*. If you have not a boy in the service then you must curtail to supply some other man's boy with at least some of the necessities and comforts while he fights for you, that you may enjoy the privileges and comforts you now have. He is also fighting that a lasting peace may be established based on the liberty and freedom of the entire world.
